

REVOLUTION TWIN S

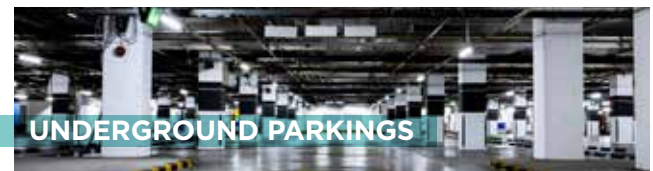

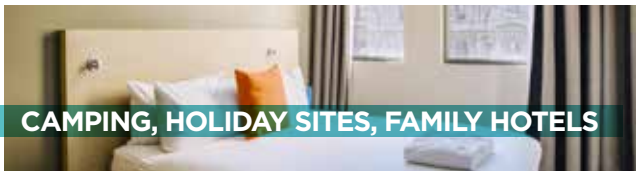

SELF-SERVICE LAUNDRY
MADE EASY FOR ALL

A NEW ERA FOR SELF-SERVICE LAUNDRY INDOOR LOCATION

Revolution Laundry, the leading self-service laundry operator in Europe, presents its new laundry column concept Plug'n Play indoor. Compact and 2in1, our Revolution Twin S is capable to wash and dry up to 11 kg of laundry in record time!

Offer your customers a new useful and professional service of laundry cleaning and increase your income thanks to the attractiveness your store and time spent on site.

WHERE TO INSTALL THE REVOLUTION TWIN S ?

For consumer, Revolution Twin embeds all Revolution DNA with enhanced customer experience and payment systems. It also includes eco-friendly detergent and optional softener.

EXPRESS 35 MIN

Equipped with professional 11kg machines, this laundry kiosk washes and dries large quantities of laundry and bulky pieces such as blankets, curtains, pillows.

ULTRA COMPACT

Less than 1m², ideal for smaller surface.

ECO-FRIENDLY WASHING LIQUID

The built-in washing liquid pump provides the ideal quantity for each washing cycle and reduces waste. The highly concentrated washing liquid, free of phosphates, colouring agents and preservatives, complies with the European ECOLABEL standards. The softener can be selected by the user in addition.

PLUG'N PLAY

The machine can be located anywhere. No need for complex ducts or works. A simple Electric plus Water in/ out and you are set.

MODULAR CONCEPT

To enable your disabled customers to access to this service, we conceived a modular launderette which can be installed in «low version». The machines and touchpads are at the legally required height.
